Education

- Currently Pursuing **Master of Computer Applications (MCA)** at Invertis University, Bareilly .
- Completed **Bachelor of Computer Applications (BCA)** in 2027 with a score of **66.5%** from MJPRU Bareilly.
- Completed **Senior Secondary (12th)** in 2021 with a score of **65%** from Shri Gulab rai inter college , Bareilly.
- Completed **Secondary (10th)** in 2018 with a score of **72.83%** from Mahatma Gandhi H S public school Bareilly.

Skills

- **Programming & Problem Solving:** Java, C, C++, HTML, CSS, JavaScript, with Basic Knowledge of Data Structures & Algorithms and Problem Solving in Java
- **Backend & Spring Boot Concepts**-REST APIs, Data Handling, MVC Architecture, CRUD Operations, Authentication & Authorization, Spring Security, Validation, Exception Handling, Spring Data JPA, and Database Integration.
- **Tools & IDEs:** Git, GitHub, Visual Studio Code, IntelliJ, Postman, MongoDB compass
- **Databases :** PostgreSQL, MySQL, MongoDB(basic)
- **APIs & Integration:** REST API,

Experience

Android Developer Intern – Google Developers (EduSkills)

Jan 2025

- Developed Android applications using Java and Android Studio
- Implemented UI components and basic backend integration
- Gained hands-on experience with mobile app development lifecycle

Web Development Intern (MERN Stack) – CodeHelp

- Built responsive web applications using MongoDB, Express.js, React, and Node.js
- Developed RESTful APIs and connected frontend with backend services
- Improved UI responsiveness and performance

Projects

1. Student Management REST API | Spring Boot

24 July 2026

- Developed RESTful APIs using **Java and Spring Boot**.
- Implemented complete **CRUD operations** — Create, Read, Update, and Delete.
- Integrated **Spring Data JPA/Hibernate** for database operations.
- Connected the application with **MySQL/PostgreSQL**.
- Designed APIs using Controller, Service, and Repository architecture.
- Implemented exception handling and proper HTTP status codes.
- Tested REST APIs using Postman.

2. [Rezorpay & Discord \(UI Clones\)](#) | [GitHub](#)

Mar 2025-Apr 2025

Technologies Used in Project:

- Developed responsive UI clones of Razorpay and Discord using Tailwind CSS.
- Replicated modern layouts including navbar, hero sections, sidebars, and chat interface.
- Implemented mobile-friendly and pixel-perfect designs with Tailwind's utility-first approach.
- Built reusable UI components to improve design consistency and development speed.

4. Food Wala – Online Food Ordering Application

Project running

- Developed a full-stack food ordering application using React and Spring Boot.
- Built a responsive and interactive user interface using React.
- Developed and integrated REST APIs using Spring Boot for backend functionality.
- Implemented CRUD operations and database integration using Spring Data JPA.
- Followed a layered architecture for scalable and maintainable application development.

Certifications

- MERN Stack Certification – Codehelp
- C , C++ And DSA Programming Certification – PWSkill- iNeuron
- Java Certification – MySirG
- Java Collection Framework -Codehelp
